Assistant Director, Intelligence Coordination

29 February 1952

Acting Assistant Director, Research and Reports

Intelligence support for OIT

1. Attached is a draft which this Office recommends as a revision of the 23 June 1951 memorandum from AD/IC to DCI on the subject of intelligence support for OIT. A revision is considered desirable in the light of OIT requests for increased intelligence support in the field of export controls.

2. The draft has been coordinated at the working level with representatives of OSO, OCD, OO/C and I&S.

3. This draft is submitted for your review and such action as you consider proper. Should you desire to call a meeting of representatives of CIA Offices [redacted], whose division prepared the draft, will represent ORR.
